

Roofs

Product description

Decorrey™ TS28-400-1130

A complete roof includes a lot more than just the roofing sheets. A combination of lead-ins, water removal systems, ladders, roof bridges and snow stops is also needed to make the roof safe and functional. All parts of roof packages manufactured by Ruukki are tested high-quality products that are compatible with one another. Steel roofs have an impressive and elegant appearance. They are watertight, light and durable, which ensures easy installation and use.

Product applications

- detached houses
- terraced houses
- residential multi-storey buildings
- recreational dwelling

Ruukki is a metal expert you can rely on all the way, whenever you need metal based materials, components, systems or total solutions. We constantly develop our product range and operating models to match your needs.

● **Product**

Name	Decorrey™
Code	TS28-400-1130
Total height	28 mm
Length of pattern	400 mm
Effective width	1130 mm
Total width	1181 mm
Length	Specified by customer
Thickness	0.45 mm
Sales unit	m ²

● **Tolerances**

Product	SFS-EN 508-1
Material	SFS-EN 10143

● **Coatings and colours**

Polyester	RR 29, RR 32 and RR 750
